1. Brand Hierarchy & Platform Relationship

1. **BAKEBOX** is the proprietary digital ordering, retail delivery, and customer experience platform.
2. **Shri Ram Bakery** is the exclusive master manufacturing and culinary partner, bringing over two decades (~21 years) of authentic regional baking expertise, traditional Mathura Mawa/Khoaa craftsmanship, and daily oven-fresh production.
3. **Pure Retail Model:** BAKEBOX operates strictly as a Direct-to-Consumer (D2C) celebration and daily bakery service. All institutional wholesale contracts, commercial bulk vendor slabs, and unslit raw shells are strictly handled through separate offline manufacturing channels and are excluded from the BAKEBOX retail application.

2. Baking Science & Fresh Batch Cycle Standards

Unlike industrial bakeries that store fully iced cakes in frozen display counters for days, BAKEBOX enforces a strict **Fresh Batch + Dual-Speed Fulfillment** protocol:

1. **Daily Sponge Batch Cycle (24-Hour Freshness Limit):**
    - Cake sponge bases (Khoaa, Belgian Chocolate, Tooti-Fruti, Red Velvet, Vanilla Chiffon) are baked fresh in scheduled cycles throughout the day.
    - A sponge base is valid for a maximum of 24 hours from the time it leaves the rotary convection oven. Any base exceeding 24 hours is retired and never used for customer orders.

- Hot sponges cannot be iced immediately; they require controlled ambient resting so crumb structure stabilizes and dairy cream does not melt upon contact.

2. **Two Cake Fulfillment Speeds (Ready-to-Deliver vs. Live Decoration):**
   - **Tier A: "Available Right Now / Ready to Deliver" (Fast-Track 1 to 2 Hours):**
     - High-demand classic celebration cakes (e.g. Classic Black Forest, Dutch Truffle, Pineapple Blossom) fully crafted and decorated within the last **6 hours of the same day**.
     - Kept in dedicated humidity-controlled cold rooms (4°C–6°C).
     - Dispatched immediately upon order confirmation, reaching customers within **1 to 2 hours or less** depending on location. Custom name plaque is piped live and attached prior to dispatch.
   - **Tier B: "Fresh Live Decoration on Demand" (Standard 3 to 4 Hours):**
     - When a customer chooses specific design variations, custom base sponges (e.g. Khoaa Mawa, Tooti-Fruti), or when ready inventory is sold out.
     - Confectioners perform live syrup soaking, fresh dairy cream whipping, ganache draping, and intricate piping from scratch on a rested batch sponge.
     - Requires 3 to 4 hours to craft and cold-stabilize (30–45 mins) to prevent slumping during transit.

B. Standard Delivery Windows (Mathura City)

BAKEBOX operates four designated delivery windows across Mathura:

1. **Morning Slot:** 09:00 AM – 01:00 PM (Ideal for office celebrations and daytime gatherings).
2. **Afternoon Slot:** 01:00 PM – 05:00 PM (Ideal for family tea-time bakes and afternoon parties).
3. **Evening Slot:** 05:00 PM – 09:00 PM (Peak celebration slot for birthday cake cuttings).
4. **Special Midnight Slot:** 11:00 PM – 12:00 Midnight (Exclusive surprise birthday/anniversary window).
    - *Midnight orders require booking before 08:00 PM on the same day.*
    - *A flat midnight convenience fee of Rs. 100 applies to offset dedicated late-night logistics.*

4. Operational Thermal Science: The Split-Pack Mixed Delivery Protocol

Because cake cream requires cold refrigeration while savory puff pastry requires dry heat, BAKEBOX strictly prohibits packing warm snacks and celebration cakes together.

1. **Package A (Cold-Chain Insulated Box):**
    - Houses fresh cream cakes, mousse pastries, and Belgian chocolate truffles.
    - Temperature maintained at 4°C–6°C using insulated walls and food-grade chilled baseboard liners.
2. **Package B (Hot / Dry Ventilated Kraft Pouch):**
    - Houses hot street-style loaded patties, butter grilled patties, and gourmet baked puffs.
    - Packed in steam-release micro-perforated food-grade kraft bags to prevent condensation and sogginess.
3. **Rider Dual-Compartment Rule:**
    - Delivery personnel utilize partitioned delivery thermal bags with an insulated thermal barrier between cold Package A and hot Package B.

5. Order Cancellation & Modification Policy

A. Cancellation Timelines & Refund Slabs

- **Ready-to-Deliver Cakes ("Available Right Now"):**
    - **Within 15 Minutes of Order Placement:** 100% Full Refund.
    - **After 15 Minutes (Dispatch Handover):** Non-cancellable once handed to the delivery rider.
- **Standard Celebration Cakes (Live Decoration 3–4 Hours):**
    - **Within 60 Minutes of Order Placement:** 100% Full Refund (Order can be cancelled with zero penalty before live frosting begins).
    - **After 60 Minutes (Live Frosting in Progress):** 60% Refund / BAKEBOX Wallet Credit (40% deducted to cover customized dairy cream, fruit compotes, and sponge allocation).
    - **Once Out for Delivery:** Non-cancellable; 0% refund.
- **Bespoke Multi-Tier ('Manjil') & Designer Custom Cakes:**
    - **Up to 12 Hours before Scheduled Delivery Window:** 100% Full Refund.

    - **Within 12 Hours of Delivery:** 50% Refund / Wallet Credit (Deduction covers specialized fondant sculpting, structural dowel framing, and dedicated chef hours).
- **Hot Patties & Fresh Snacks:**
    - **Within 10 Minutes of Order Placement:** 100% Cancellation.
    - **After 10 Minutes:** Non-cancellable (Puff slicing, stuffing, and hot butter griddling commence immediately).

B. Order Modifications

- **Greeting Plaque Message Change:** Customers can modify their cake greeting text (up to 30 characters) free of charge up to 90 minutes before the scheduled delivery window for standard live cakes (or within 15 minutes for ready-to-deliver cakes) via WhatsApp or the app concierge.
- **Delivery Address / Slot Modification:** Can be adjusted up to 2 hours prior to the delivery window, provided the new address falls within our active Mathura delivery radius.

6. Transit Damage, Quality Defects & Replacement Protocol

1. **Guaranteed 100% Free Re-Bake / Replacement OR Instant Full Refund** in the event of:
    - Structural transit damage (e.g., cake collapsed, tilted, or crushed during courier transit).
    - Cream melting or smearing exceeding 20% of surface area.
    - Incorrect flavor delivered (e.g., received Pineapple instead of ordered Black Forest).
    - Incomplete order (missing celebration accessories, candles, or snacks).
    - Incorrect greeting text piped on plaque versus customer's confirmed submission.
2. **Verification Requirements:**
    - The customer must share at least 1 clear photo or 5-second video clip of the damaged product within **2 hours of delivery receipt** to WhatsApp Hotline (+91 8923701210) or in-app support.
    - For ready-to-deliver cakes, an immediate replacement is dispatched within 30 to 45 minutes; for live-decorated cakes, within 60 to 90 minutes.

7. The "Taste & Sweetness Dislike" Resolution Policy

(BAKEBOX Celebration Happiness Guarantee)

Food products are perishable and cannot be returned to store shelves once received. To prevent fraudulent abuse while ensuring complete hospitality for our customers, BAKEBOX enforces the following taste-dislike policy:

1. **Perishable Product Clause:**
    - Under standard food safety law, an undamaged, freshly prepared cake cannot be returned for a full cash refund solely based on personal subjective taste preferences (e.g., *"I wanted it sweeter"* or *"I expected more bitter dark chocolate"*).
2. **The BAKEBOX Goodwill Solution:**
    - If a customer is genuinely unhappy with the flavor or sweetness balance of a cake, BAKEBOX provides:
        - **Option 1 (Goodwill Wallet Credit):** An instant 30% to 50% Goodwill Discount Voucher or BAKEBOX Wallet Credit credited to the customer's account for their next purchase.
        - **Option 2 (80% Untouched Cake Replacement):** If more than 80% of the cake remains unconsumed and the issue is reported within 2 hours of delivery, our rider will retrieve the cake, and BAKEBOX will craft an alternative flavor at a subsidized 50% re-baking charge.
        - **Option 3 (AI Taste Personalization Profile):** The customer's feedback is tagged into their profile by our RAG system (e.g., *"Customer prefers mild sweetness / avoids dark truffle bitterness"*), ensuring all future automated recommendations align with their unique palate.

8. Dietary Segregation & 100% Pure Veg (Eggless) Guarantee

1. **Strict Pure Vegetarian (Eggless) Segregation:**
    - Over 95% of BAKEBOX cakes and treats are **100% Pure Vegetarian (Eggless)**.
    - Mathura's cultural and religious dietary values are strictly respected. The Shri Ram Bakery facility maintains completely dedicated eggless mixing bowls, spatulas, cooling racks, and separate baking decks.
    - Traditional **Khoaa (Mawa) Cakes** are crafted from slow-reduced pure local dairy solids and are 100% eggless by default.
2. **Egg-Containing Product Identification:**
    - Only two explicit items contain egg:
        1. *Flower Boiled Egg & Aloo Masala Patty (Bakery Special Signature)*
        2. *Classic Egg Sponge Cake Base (Selectable only upon explicit user toggle)*
    - All egg items are prepared in a segregated hot snack workstation, marked with prominent Red Dietary Badges on packaging, sealed with tamper-evident yellow safety tape, and never handled with vegetarian cake implements.

9. Shelf Life, Home Storage & Scientific Reheating Guidelines

Product Item	Shelf Life	Optimal Storage Method	Scientific Reheating / Serving Instructions
Ready-to-Deliver Cakes (Decorated <6h today)	48 Hours	Refrigerate at 4°C – 6°C in original delivery carton.	Remove from fridge **15 minutes before cutting** for optimal soft crumb texture.
Fresh Cream Cakes (Vanilla, Fruit, Chiffon)	48 Hours	Refrigerate at 4°C – 6°C in original delivery carton.	Remove from fridge **15 minutes before cutting** for optimal soft crumb texture.
Khoaa (Mawa) Cakes	72 Hours (3 Days)	Refrigerate at 4°C – 6°C in a covered container.	Milk solids retain rich moisture. Enjoy chilled or at mild room temp.
Belgian Chocolate Truffle Cakes	72 Hours (3 Days)	Refrigerate at 4°C – 8°C.	Let sit at room temp **20 minutes before slicing** to allow ganache to soften.
Fresh Single Pastry Slices	24 to 36 Hours	Refrigerate at 4°C – 6°C.	Consume on the same day for peak airy cream tenderness.
Street Loaded Patties (Butter, Tandoori, Masala)	4 to 6 Hours	Ambient room temperature. **NEVER refrigerate.**	Chutneys and onions soften crust if stored overnight. Consume warm.
Gourmet Baked Plain/Paneer Patties	24 Hours (Room Temp) / 48 Hours (Chilled)	Store in ventilated dry containers.	**REHEAT ON DRY TAWA:** 2–3 mins on low flame. **NEVER MICROWAVE.**

Product Item	Shelf Life	Optimal Storage Method	Scientific Reheating / Serving Instructions
Flower Boiled Egg Patty	6 to 8 Hours (Same Day)	Cool, dry pantry.	Warm gently on dry tawa for 1–2 mins. Do not store overnight.
Crispy Cream Rolls (Chocolate, Vanilla, Berry)	5 to 7 Days	Sealed airtight jar at Room Temperature.	**DO NOT REFRIGERATE.** Moisture ruins puff lamination crunch.
Pure Desi Ghee Nankhatai & Khari	30 to 45 Days	Airtight tin/glass container away from moisture.	Ready to eat. Keep lid tightly sealed after opening. Highly hygroscopic.
Fresh Pav Buns & Kulcha Packs	3 Days (Room Temp) / 5 Days (Chilled)	Sealed airtight bread pouch.	Toast generously with pure Amul butter on hot tawa before serving.

10. Multi-Tier ('Manjil') Bespoke Cake Protocol

For weddings, anniversaries, and grand banquets requiring cakes of 2.5 kg, 3 kg, 5 kg, or larger:

1. **Tier Weight Engineering Rules (5 kg Standard 3-Tier):**
    - **Ground Manjil (Base Tier):** 2.5 kg (Must be a dense foundation like Khoaa Mawa, Belgian Chocolate, or Red Velvet).
    - **1st Manjil (Middle Tier):** 1.5 kg (Medium foundation sponge).
    - **2nd Manjil (Top Tier):** 1.0 kg (Light chiffon or fruit compote sponge).
2. **Structural Doweling:** Every multi-tier cake is reinforced with internal food-grade central support dowels and sanitized separator plates to prevent upper floors from sinking into the base.
3. **Independent Floor Flavors:** Customers have full liberty to assign different flavors to each floor without extra surcharge.
4. **1-on-1 Personal Baker Call:** Upon booking a custom tier cake, a BAKEBOX master chef connects directly with the customer via phone call/WhatsApp (+91 8923701210) within 3 hours to confirm custom fondant figurines, tier colors, and setup guidance.

11. Customer Obligations & Delivery Receiving Protocols

1. **Accurate Delivery Details:** The customer must provide an accurate landmark, active phone number, and verified recipient name.
2. **Driver Waiting Tolerance (10 Minutes):** Due to strict temperature control of fresh cream cakes, delivery riders can wait at the destination for a maximum of 10 minutes. If the recipient is unreachable, the order is safely returned to the nearest branch holding room. Re-dispatch incurs an additional Rs. 50 delivery fee.
3. **Verification upon Delivery:** Customers are advised to check the transparent window of the cake carton prior to signing off with the delivery agent.

12. Legal Terms, Governing Law & Jurisdiction

1. **FSSAI Compliance:** All products conform strictly to the Food Safety and Standards Authority of India (FSSAI) guidelines.
2. **Allergen Disclaimer:** Products may contain or be processed in facilities handling milk solids, gluten (wheat flour), tree nuts (almonds, cashews, pistachios), and soy lecithin.
3. **Limitation of Liability:** BAKEBOX and Shri Ram Bakery shall not be held liable for indirect damages arising from third-party celebration delays caused by Force Majeure events (extreme weather, regional transit curbs, civic disruptions).
4. **Governing Law & Jurisdiction:** This agreement is governed by the laws of India. Any legal dispute or claim shall be subject exclusively to the competent courts of **Mathura, Uttar Pradesh, India**.
